Monticello Consulting Group

Introducing the Testing Governance Office (TGO)

About Monticello's Testing Governance Office (TGO)

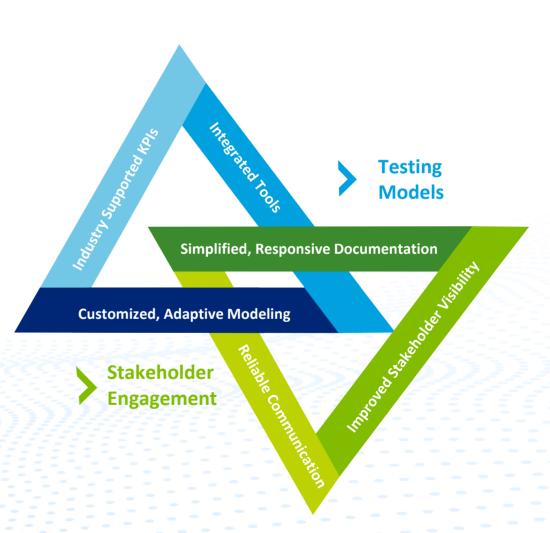

- Monticello's TGO offers clients a dynamic, customized approach to software measurement and performance assessment.
- The TGO Practice works closely with clients to introduce a sustainable testing strategy grounded in program management best practices, established methodologies, and cutting-edge testing tools.
- Monticello's quality-obsessed consultants bring decades of experience and a forward-looking approach as they...

Monticello's Testing Framework

- Monticello Consulting Group has a structured approach to pinpoint the right testing methodology (Agile, Waterfall and Hybrid.)
- Our standardized frameworks are grounded in Lean principles.
- Monticello's TGO utilizes an array of proven and ready-to-use deliverable standards and templates focused on providing high quality and technology readiness.

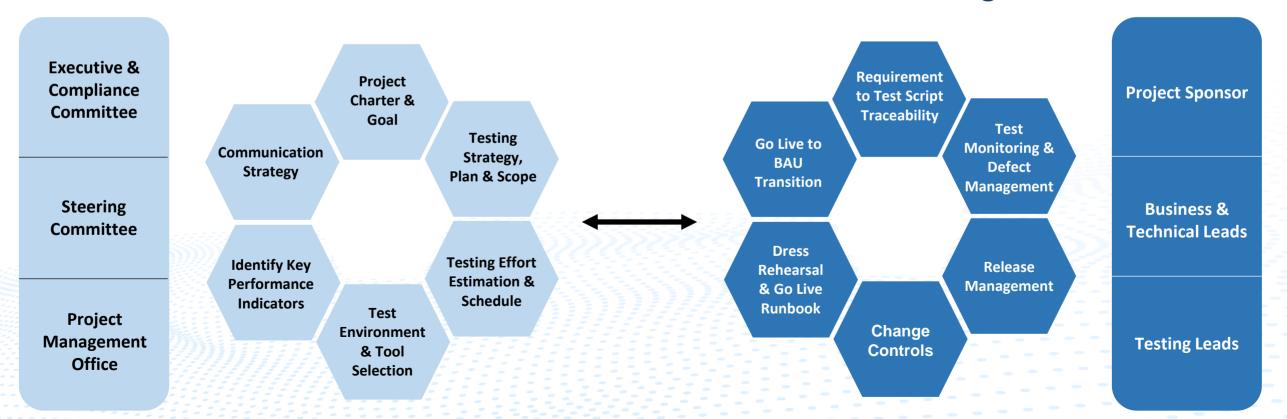

Monticello's Standard Offering & Capabilities

Governance

- Monticello's TGO has developed and refined an approach to meet clients end-to-end testing needs by consistently incorporating stakeholder feedback and building on our track record of success.
- At Monticello Consulting Group success is defined by quality product delivery and strengthened program governance.

Management

Monticello's Strategic Approach & Tools

• Monticello Consulting's testing toolkit is well equipped to manage all phases of testing in your program, including Quality Assurance, User Acceptance Testing, End-to-End Testing, and Release Management.

Connect with Monticello

When to call...

- ✓ You are aware of market or regulatory change on the horizon and want experienced partners who continually monitor key trends in the financial markets.
- ✓ You have decided to embark on a change initiative and need a strategic partner to assist in carrying it through to completion.
- ✓ You are seeking skilled consultants who are experienced with Tier 1 bank culture, systems, and processes.

Key drivers...

External:

- Libor Transition challenges
- Digital transformation competitiveness
- Other regulatory reform regimes (JFSA, EMIR & Basel) are mandating compliance changes
- Competitive pressures are forcing you to rethink your market strategy
- Your clients are seeking new products and/or superior service levels that you cannot offer today

Internal:

- Your business is seeking new growth but is limited by platform constraints
- Pressures are looming for aligning the organization's global footprint to meet mandated cost reduction targets
- Technology changes
- Self-identified audit points
- Control gaps
